Education

Columbia University — New York, NY

Bachelor of Science in Operations Research, Minor in Artificial Intelligence & Philosophy — *Aug. 2025 – May 2029*

- GPA: 3.69/4.00
- Relevant Coursework: Data Structures and Algorithms, Multivariable Calculus, Data Engineering, Probability
- Activities: Jumpstarting Aspiring Developers and Entrepreneurs, Institute for Operations Research and the Management Sciences (Incoming Treasurer), Greenborough Special Interest Community (Incoming Co-President)

Experience

Project Manager & Market Analyst Intern — Jun. 2026 – Aug. 2026

Climax Molybdenum — Asia Sales & Marketing Team — *Shanghai, China*

- Led 3-person intern research team on molybdenum and copper market analysis; delivered 2 daily pitch presentations to Asia Sales Team with market insights and visualizations benchmarking the China market against EU, US
- Supported Director of Asia Sales in executive meetings across Singapore and Hong Kong; leveraged firsthand strategy discussions to inform later market analysis
- Administered Asia team training on AI-assisted research workflows using Claude, Gemini, and Microsoft Copilot

Product Launch & Marketing Intern — Jun. 2026

Asieris Pharmaceuticals — European Business Development Team — *Shanghai, China*

- Drove UI/UX localization for new urology product as the team's sole native English speaker, alongside engineering; authored bilingual (EN/CN) procedural scripts for distributor and clinician pitches
- Built go-to-market pitch and social media strategy for European market entry; conducted competitor analysis

Investment Analyst Intern — May. 2026 – Jun. 2026

Jihai Investment — *Hangzhou, China*

- Synthesized macroeconomic research, hard economic data, and institutional briefings into equity investment theses; flagged persistent US import dependence and US–China decoupling in agricultural trade
- Modeled agricultural commodity dynamics (corn, soybean) using USDA PSD and GATS trade data in Python
- Assessed supply-demand imbalances in semiconductors and resource commodities (lithium, uranium, sulfuric acid)

Head Intern and Economic Research Analyst Intern — Jun. 2023 – Aug. 2025

City of Beachwood — Economic Development Department — *Beachwood, OH*

- Mentored and supervised a team of 12 interns as the organization's most senior intern
- Spearheaded research and planning for a biomedical innovation ecosystem that directly supported growth of industry clusters, generating 100+ jobs, $320K+ in City tax benefits, and $5M in capital investment over 3 years
- Developed framework for the Beachwood Innovation Committee, which funded $60K in forgivable loans for 3 R&D companies and launched a $1M revolving loan program

Leadership & Activities

Columbia Society of Women Engineers — Sep. 2025 – Present

Secretary — *Apr. 2026 – Present*

- Track and analyze member engagement data to guide programming across 50-person leadership team
- Author the weekly newsletter, serving as the organization's primary communications channel to 1.4K+ members

Engineering Exploration Experience — Organizational Committee Member — *Sep. 2025 – Apr. 2026*

- Secured 3 of 5 speakers including the keynote; organized programming for 200+ high schoolers (5-member team)
- Founded Columbia SWE's WECode delegation; fully funding 4 participants with $1.2K+ in travel grants

Hope Heroes Ohio — *VP of Finance* — Aug. 2024 – Jul. 2025

- Managed finances and pitch strategy for a 41-member team, coordinating fundraising that generated $238K+ in corporate sponsorships for children's hospitals in Northeast Ohio
